

School Board In May First Session

Trustees of Hamlin's independent school district met at the high school building on the night of May first.

The board acted to reelect all members of the present faculty of the Hamlin schools.

Reorganization of the board was also a matter on the agenda and all officers were reelected with Tarleton Willingham as president; LaFoy Patterson, vice president; C. C. Bailey, secretary.

The group voted to requisition four new school busses from the state board of control.

Charlotte Wallace Returns from Surgery

Charlotte Jo Wallace has returned from the Hendrick Hospital, Abilene where she underwent major surgery last Monday, April 24.

Reports stated her condition was much improved.

She will be unable to return to her class in the Fifth grade this term.

Truck Accident Is Fatal To Merritt Jones Boyd, 45

Merritt Jones Boyd, 45, Sweetwater truck operator, was fatally injured in a highway accident near Ranger Saturday, April 29.

The truck was driving collided head on with a vehicle driven by two youths from Ranger, presumably killing occupants of both vehicles instantly.

The six-wheel truck which Boyd was driving "jack-knifed" pinning Boyd in the cab of the truck. It was necessary that workmen cut the cab with welding torches to extract the body.

Boyd had spent his youth and early manhood at Neinda and had been a resident of Sweetwater since 1938.

Funeral was held from the Lamar Street Baptist Church Monday at 3:00 p. m. with Brother Powell officiating.

Burial was in the Neinda cemetery and Austin Poe of Hamlin served as one of the pall bearers.

Boyd is survived by three sisters, Mrs. Floyd Winrow of Albuquerque, New Mexico; Mrs. Kathleen Bower, Fort Worth and Mrs. Earl Jones, Sweetwater. There are also numerous aunts and uncles surviving.

VACATION BIBLE SCHOOL

Mrs. John D. Ferguson, Mrs. Elbert Fomby attended a vacation Bible school at Abilene Monday.

Mrs. Fomby will preside as superintendent of the vacation Bible school to open June 12 in Hamlin.

The school is to be conducted by the Methodist church.

Film Star Enlists in U.N. Narcotics Drive

Actor Gary Cooper is welcomed to U.N. Headquarters at Lake Success, N. Y., by Benjamin Cohen, U.N. Assistant Secretary-General for Public Information. Mr. Cooper visited U.N. to record the commentary for a radio program entitled "Shooting Gallery" and describing the U.N. Narcotic Commission's efforts to control the illegal drug traffic. "Shooting Gallery" will be aired over hundreds of stations in the world's English-speaking countries.

Rotarians See War Films At Luncheon

Hamlin Rotary Club met Wednesday at Johnson's Drive Inn and saw two war films.

There were six visitors from the Abilene club who were: W. A. Stephenson, Green Haynes, E. E. Hall, A. E. Henderson, Robby Robertson, Tom Eplen. Guy White of Stamford was a visitor of Jake Lawson and Guy White was a visitor of Rev. Howard Smith. Bill Terry, former prexy, of Haskell was a guest in the club.

Clyde Huff had charge of the program. First film "Target, Germany" was taken from U. S. Air Force combat films and was uncensored. The other "Front Line Chaplain" showed the Chaplains duties on the front line and others.

Black Home From Baseball Tryout Camp

G. C. Black, long-time pitching favorite in Hamlin has returned from Donna, where he was assigned after spring workouts with the Lubbock Hubbers.

Black is due to be sent to the Lawton, Okla., baseball club and is vacationing in Hamlin until notified to report by that club.

Capt. Raley To Maneuver With Paratroop Group

Captain Perry T. Raley, acting division chaplain, paratrooper of the famed 82nd Airborne Division, will participate in an airborne invasion at Fort Bragg, North Carolina during April and May a report to The Herald stated.

The attack will be part of the Army-Air Force airhead maneuver, "Exercise Swarmer," involving a force of 60,000 men and 600 aircraft.

Captain Raley, the husband of Mrs. Perry T. Raley, who lives at 729 Lexington Avenue, Charlotte, North Carolina, will, along with his unit, play a major role in the air and parachute operations that will make "Exercise Swarmer" the largest peacetime, airborne maneuver since the war.

Ruby Lee Sliger Asks For Thanks To Friends

"Ruby Lee Sliger, who was run over by an automobile last July 4 wishes to thank all her friends for the nice things they have done for her.

She was moved to an Abilene hospital several weeks ago for a bone operation and at last report was doing alright.

She will return for a final check-up Saturday at which time her progress can be better told.

Culbertson Well Produces 20 Barrels Hourly From Strawn

Coaches To Hold Softball Program Late This Month

J. N. Burditt Jr. and Vernon Townsend, Hamlin's High School coaches, have announced that they will have the City Ball Park under the same set up as last summer.

Softball program will begin the last part of May.

Both expressed their desire that any teams interested to get in touch with either so a league could be formed.

Softball and hardball games will be played and will not interfere with the regular league schedule, both stated.

Pipers Play Anson For Title Clincher

The baseball team representing Hamlin high school is the champion of the eastern zone of district 6-A by virtue of their defeat of Anson Wednesday afternoon by a score of 4-3.

As denoted in the score, Anson was surprisingly strong for the game of this week following the overwhelming defeat they suffered in an earlier game.

The Pied Pipers emerge as zone champions and will doubtless play Rotan for the district championship. Rotan was clearly out in front in the western zone when last figures were released.

When the champion of that zone has been established, a playoff series will be arranged and every effort will be made to stage the series here. It is possible that a night series will be played to encourage attendance.

Asa Goodgame had a big day with the willow in the Anson game, getting two triples in three appearances at the plate. W. T. Stapler also hit twice in three trips.

Joe Allen Dean was not as effective as usual in the box for Hamlin and his pitching was overshadowed by that of Roberts for Anson.

The pressure of the clinching victory may have contributed to faulty play by the locals as four errors were committed.

The box score:

| ANSON | ab | R | H | E |
|---------------|-----------|----------|----------|----------|
| Pittard, 2b | 4 | 1 | 0 | 0 |
| Carman, 3b | 4 | 0 | 1 | 0 |

Ice Plant Opens To Serve Neighbor Cities

The idle ice plant of the Banner Dairies is to be reopened for ice production beginning this Friday.

The plant has been thoroughly reconditioned and its 30-ton capacity will furnish ice for Banner platforms at Hamlin, Snyder, Haskell, Munday and Sylvester.

Test runs on the plant were conducted Wednesday to eliminate service difficulties that might develop prior to the opening of operations Friday.

"GRANDMA" FEAGAN

Newt Stevens Hurt By Loose Fire Hose

A fire drill last Thursday night held by the Hamlin Volunteer Fire Department resulted in serious injury to Newt Stevens, salesman for Carmichael Motor Company.

A short length of fire hose had been strung and J. E. Johnson and Stevens were at the nozzle of the hose when about 400 pounds of water pressure was turned on from the pumper truck.

Neither man had secure enough hold on the hose to control the nozzle and that heavy piece began to whip around in the air, striking Stevens about the face and body.

Johnson was thrown clear.

Stevens was so severely beaten by the flailing hose that he was irrational and had to be subdued before he could be taken to the hospital for treatment.

Stevens suffered a fractured hip and cuts across his nose and lips. It was necessary that eight stitches be taken in his nose.

JUNE IN JANUARY . . . A warm January sent model Ilse Smith to New York's Central park for a little sun bathing. Of course, when she dipped her tootsie in the water, she found it a wee bit too cool for swimming, so she just reclined on the rocks.

Rev. Carl Pool Named Foursquare Pastor

A new pastor for the Hamlin Foursquare Church has been announced this week. He is Rev. Carl Pool from Abilene.

Both Rev. and Mrs. Pool and son, Billy, will move to Hamlin when school is out.

Mr. and Mrs. Rayan Rose attended with Mr. and Mrs. John O'Neal and Mrs. Olan Cooper the Ice Capades in Fort Worth recently.

Mrs. J. H. Feagan Taken By Death

Mrs. J. H. (Grandma) Feagan, 96, died at 11:15 a. m. Wednesday in Hamlin Memorial Hospital.

Mrs. Feagan had been ill for approximately six weeks and had only recently been brought here from Dalhart.

She was born November 17, 1853, in Jonesboro, Virginia, and came to Texas with her parents in 1858. After living in Blossom, Texas, she moved to Jones County in 1890. She was married November 17, 1874, to the late J. H. Feagan.

Funeral was conducted from the First Methodist Church of Hamlin at 2:30 p. m. Thursday with Dr. Will C. House, pastor, officiating.

Burial was in the cemetery under the care of the Barrow Funeral Home.

Survivors include two daughters, Mrs. I. O. Williams, Dalhart, and Mrs. Olivia Funk of Denver, Colorado; two sons, J. F. Feagan of San Angelo and Elmer Feagan of Hamlin. Eleven grandchildren and 22 great grandchildren also survive.

She was active in the Methodist church and had been a member of that faith since childhood.

All School Party Set for High School

Students of Hamlin High School will be entertained tonight with an All School Party which is to be sponsored by the Student Council.

The undertaking is new to the school and will replace the usual separate class parties that have been held in the past.

Entertainment features will be divided into groups and quiet games are to be played, films will be shown and other activities will be followed according to the choice of the students.

The executive board of the student council will act as the program committee for the event. This group consists of John Holland, W. L. Fletcher, Frances Martin and Donna Miller.

The food committee is composed of Allene Reynolds, Sarah Jean, and Donald Johnson.

Patsy Parker and Dorothy Altum comprise the decoration committee.

The auditorium, gymnasium and cafeteria of the high school will be decorated for the party.

The Oxford Drilling Company Joe Culbertson Number 1, which has been renamed from the Ungren & Frazier Culbertson No. 3, was subjected to a production test early this week.

Production was gauged at 20 barrels per hour through 11-64ths inch choke.

Completion of this well as a substantial commercial producer from the Strawn sand is believed to be indicative of intensive exploration of this sand throughout the area. Ungren & Frazier had released their rights in the well to Oxford Drilling Company after the well failed to pick up any show in the Swastika pay. The Culbertson No. 2 well, which was drilled by this company is producing from the Swastika.

Because of a doubt that existed that the new well would be a producer before the Strawn was hit, Oxford Drilling Company had entered into a contract to drill a well in the vicinity of Haskell. Despite the fact that the Strawn sand was an apparent producer for this well, the firm was compelled to fulfill their contract at Haskell and the rig was moved.

The Haskell well is due to be completed this week and it is expected that the Oxford rig will be moved back here for further drilling.

Pending establishment of pipeline connections, it is necessary that the oil from the two Culbertson wells be transported by tank trucks. Rainy weather has interfered with this work.

Rumor is that there is a great deal of oil speculating being done in the area adjacent to the Culbertson wells.

Cardinals Book Two Friday Games

Hamlin's Cardinals baseball aggregation, on the heels of an all-victorious early season, will meet the Trent-Merkel combined team at the Hamlin ball park Friday night at 8:00 p. m.

Snyder has been defeated once and O'Brien twice by the club that is led by Manager Duck Weaver.

The team has received strong pitching from Glenn Adair through the first three games but there is a possibility that Adair will sign with the San Angelo entry in the Longhorn league.

Merkel-Trent has been very strong in early season games and will field a hustling ball club here Friday night.

The Cardinals have also booked the Slaton baseball nine for an appearance here Friday, May 12. Slaton is a member of a league in their territory and have exhibited some fast baseball that will test the mettle of the local nine.

High School Band Jackets Are Issued

Hamlin High School Band received their jackets last week announcements, Walter Chalcraft, director.

The jackets were green with white trim and white lyre emblem and are reversible in brown.

Those who ordered and received jackets were: Janice Agnew, Janeta Higdon, Wiler Rimmer, Delbert Smith, Joe Don Hymer, Glenna Brewer, Lloyd Marr, W. L. Fletcher, Susanne Hudson, Bennie Elkins, Donald Cheshier, June Carter, Gwen Norris, Bryan Dutton, Tommie Lowe.

Marylyn Fletcher, Robert Bonner, Don Johnson, Bobby Franks, James Bowman, Vera Mae Tidwell, Faith Simpson, Marisue Daniel, Wayne Daniel and John Mack Harwell.

Mrs. Burt Brydson of Austin is a house guest of Mrs. Holly Toler and Mrs. C. C. Prater.

Drive-in Theatre Construction Due To Commence Now

Ben Ferguson is due to arrive in Hamlin Friday and construction will start immediately on the new drive in theatre at the "Y" off the Anson highway.

Ferguson will personally supervise the construction detail on the new enterprise and property lines have already been staked before rains forced postponement of actual construction.

According to plans announced, the theatre will permit parking of 350 automobiles and all equipment will be of the latest type. Individual speakers for each car will be furnished.

The management is not yet ready to announce what film distributor will be given the contract for pictures to be displayed. It is felt that there will be sufficient time to arrange bookings after the theatre nears completion.

Sugar Green Leaves For Austin Meet

Donald (Sugar) Green, by virtue of his performance in the regional track meet at Brownwood, has qualified for the quarter-mile run at the state meet in Austin.

The meet will be held May 5 and 6 and Green will be accompanied by either Coach J. N. Burditt or Coach Vernon Townsend to the Austin meet.

Green has been working out steadily for the meet and has improved his time trials as a result of the workouts. The local mentors are enthusiastic about his chances in the big event.

Silver Dollars Pay Banner Employees

A novel experiment is to be tried by the Banner Dairies on the occasion of their Friday pay period.

In an effort to impress employees of the firm and the citizens of Hamlin as a whole with the importance of spending their salaries in Hamlin, the entire payroll of the firm will be paid in silver dollars.

The silver dollars will be appropriately identified with gummed stickers. It is the belief of the company that a tracing of the transactions in which the silver dollars are involved will be educational to all principals involved.

It is the hope of the Banner company that other firms in Hamlin will engage in a similar campaign to further stimulate a trade at home policy.

Rainfall Nets No Water for New Lake

Rainfall of Monday evening in Hamlin was gauged at one and one-tenth inches.

The rain was very light in the vicinity of the new lakes and no change in depth of the lakes was registered.

Latest estimates were that approximately four inches of water have been used from the lake since the April rains provided the 22 inch rise.

VFW Slates Two Teams for Softball Boy Scout Benefit

Two softball teams have accepted the challenge of the Hamlin Veterans of Foreign Wars team for a benefit game for the Hamlin Boy Scout Fund for the Scouts to go to the Jamboree.

Date for the game which promises to be a double header is set for Friday, May 19, time was undecided.

Teams to participate will be: Continental Seismograph, Hitson Ball Club and the local V. W. F.

Two games will be played and in case of a tie, game will be played at a later date.

Junior-Senior Banquet Set of May Ninth

Plans have been announced for the annual Junior-Senior banquet to be held in the high school cafeteria on May ninth.

The event will deviate somewhat from the usual practice in that Coach J. N. Burditt will officiate as toastmaster for this year.

I. R. Hutchinson, superintendent, will be the principal speaker.

A number of novelties in program and decoration are being planned under the guidance of Burditt and Mrs. Holly Toler.

Lions Elect King As New President

New officers for the coming fiscal year were nominated and elected at the Tuesday meeting of the Hamlin Lions Club.

As a result of the Tuesday election Jim Howard King will step up from the vice president's chair to that of president on July 1.

Clyde Angel becomes first vice president; B. V. Newberry, second vice president and Claude Lancaster, third vice president.

New directors named were Bill Shira, Garland Preston and Travis Hask.

Harry Carmichael was chosen as Lion Tamer and Jess Burditt as Tail Twister.

The club was treated to some excellent entertainment by a pair of young ladies from Hardin-Simmons. Mary Jane Smith, accordion player of ability and Beatrice Beasley, vocalist and pianist were escorted to the club by Kenneth Hill. Hill has long been a stalwart of the club in furnishing talented entertainment.

Safe Knocked At Spencer Lumber Yard

According to a report of R. B. Spencer, manager of the R. B. Spencer Lumber Company here, the office was broken into, and safe knob knocked off, but nothing was missing.

Time was set at sometime between Saturday afternoon and Monday morning.

Burgular entered the building through the main office window.

Judge L. Crow is leaving Hamlin Friday to enter the clinic of the Mayo Brothers in Rochester, Minnesota.

HAVE A LAUGH, CHAPS . . . It is carnival time in the south of France, playground of the wealthy, with parades and pageants in color. Someone had the bright idea of sending some of the carnival spirit to the English. So at Nice they loaded this big figure into a scaphandre for flight to England. No, we don't know if it dispelled the fog—or the anxiety. It might have dispelled the citizens if they didn't know it was coming—from the looks of the face.

TO BETTER LIVING

We have heard much of the great oil development in the Middle East, where a group of oil companies, with American concerns playing the pre-eminent role, is putting the greatest reserve of crude known to exist in the world to productive use. In time, the Middle East will become the major source of petroleum for the entire Eastern Hemisphere.

Yet that does not tell the whole story of the work. It is becoming a civilizing influence of the first importance. As one account puts it, oil men "are producing for the peoples of the Middle East the first mass volume export commodity

they have ever had. . . . It takes time to translate royalties, rentals, wages and salaries and other forms of oil income into the means of better living. But already there are signs of what can be done with the money derived from oil. They are visible in the beginnings of new railroads and highways, houses and schools, hospitals and health services, air fields and harbor, irrigation systems and experimental farms."

The Middle East development has its roots in commerce—in the hope of those concerned to eventually make a profit in return for the hazards and the work and the enormous expenditures. Yet, as a by-product, it is bringing to the peoples of a huge primitive region benefits they

GOVERNMENTALISM

The world is experiencing a great surge of governmentalism. Governmentalists are found working everywhere to destroy individual freedom. They operate under different labels—socialism, communism, collectivism, but their goal remains the same.

The most evident signs of it in the United States are efforts to nationalize basic industries. Nationalization or government operation of industry eliminates the incentive to produce. Ultimately it eliminates the right to protest, the right to worship, the right to private property, the right to organize labor unions and other freedoms that we take for granted. And then you have the final extremity of governmentalism—dictatorship. What it is called makes little difference.

Governmentalists in the United States have already made tremendous strides

have never known. That is true of modern American industry in a long list of fields. It creates and distributes wealth. It offers opportunity and progress. It makes the world a better place to live in.

Answer to LAST WEEK'S Puzzle:

Veterans' News

QUESTIONS and ANSWERS

Q—Under provisions of the GI Bill, how long can an on-the-job training course last?

A—On-the-job training courses, other than apprenticeship, must last not less than three months or more than two years. Apprenticeship courses, under supervision of State or Federal agencies, may last as long as four years.

Q—I am a disabled veteran and wish to go into training under Public Law 16. Will I be permitted to decide my job objective?

A—Before you can take training under Public Law 16, VA will have to determine that you have a vocational handicap as the result of a service-incurred disability. Then VA counselors will help you decide on a job or trade objective.

Q—My son, a veteran of World War I, died of a service-connected disability about three years ago. I understand that I should have filed for burial al-

lowance within two years of his death and it is now too late. Is this true? And is there a deadline date for applying for compensation?

A—The two year limitation from date of burial will apply in your case in so far as the burial allowance claim is concerned. On compensation, since your son died of a service-connected disability, you are eligible to apply for compensation at any time after his death. However, payments if awarded may commence only from date of claim.

Q—I was discharged from the U. S. Army in 1945 and have been taking GI Bill training. I recently married and hope to save enough money to make a down payment on the purchase of a home. Is there a deadline for me to apply for a GI loan?

A—Yes, there is a deadline. You have until July 25, 1957 to make formal application for a GI loan, guaranteed or insured under the Servicemen's Readjustment Act.

It's New... It's Super!

Here it is... the amazing new motor oil you've heard so much about... new Conoco Super Motor Oil... proved by a punishing 50,000-mile road test!

It is a motor oil so tough that in this killing 50,000-mile test, engines lubricated with Conoco Super Motor Oil showed virtually no wear at all... in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts!

In this same 50,000-mile test, gasoline mileage for the last 5,000 miles of the run was actually 99.77% as good as for the first 5,000 miles.

Yes—Conoco Super Motor Oil has definitely proved that it can keep your new car new.

Come in and let me tell you about "50,000 miles no wear!"

Texas Game, Fish & Oyster Commission Makes First Movie, "Master Whitetail"

The first Texas-made movie about wild deer, staged in their natural habitat, will be released soon by the Game, Fish and Oyster Commission, according to a report to The Herald this week.

The film is in color, bears complete sound, and has been almost two years in the making. The name is "Master Whitetail." It is an historical and documentary story of the white-tailed deer in Texas, linking the animal's original and present status with the arrival and advance of civilization.

Tentative plans are to make probably 12 copies of the movie. Demands on the department's motion picture library indicates a growing interest in wildlife movies. The new cinema is expected to attract even greater attention toward authentic wildlife films made in Texas.

"Master Whitetail" typifies the educational trend in wildlife activities. It emphasizes the crisis to game after man began cultivating the soil on an ever increasing scale. It stresses the restoration efforts of game management forces and above all, explains the indispensability of public cooperation in modern conservation programs. The part set aside for sportsmen is magnified.

"Master Whitetail" begins with a covered wagon scene depicting settlers moving into a land "almost untouched by human hands." It shows how established supplies were left behind. The new arrivals thus had to depend on game for food and at times had to slaughter animals for their furs as a means of income. The story cites that one Texas trading post alone shipped 75,000 deer hides to New York between 1844 and 1853.

The film traces the first statutory efforts to check wildlife devastation around the turn of the century and portrays the gradual necessity for strengthened laws to protect wildlife and the kindred steps to restore the once limitless

big game herds.

Above all, "Master Whitetail" is woven around the life span of a buck deer, showing him in his wobbly-legged infancy. It vividly pictures how he immediately reacts to danger from predators and takes him through the adventures and exciting days of babyhood, fawn spots and all, and on into maturity and with his first antlers.

Most of the filming was done in the Texas Hill Country or Edwards Plateau of Central Texas. Premier of the movie probably will be held in that area but the place and date have not been set. Meanwhile, there will be a preview for the press at a central location.

Strenuous exercise after middle age is harmful—especially if it is done with a knife and fork.

Everybody is so busy these days that only a few have time to complain about their ailments.

Meatime MARVELS

HALF-POUND CAKE

If you're scouting around for new dessert ideas, here is an appetizing morsel to delight your family's sweet tooth. This half-pound cake with a rich cream cheese frosting makes a tasty climax at mealtime or a delicious dish to highlight party refreshments.

Half-Pound Cake
1 cup fortified margarine
1 cup sugar
4 eggs
1 teaspoon vanilla
2 cups sifted cake flour
1 teaspoon baking powder
1/2 teaspoon salt
1/2 cup milk

Cream margarine; add sugar gradually and cream until light and fluffy. Beat in eggs, one at a time, beating thoroughly after each addition; add vanilla. Sift dry ingredients and add alternately with milk. Turn into loaf pan, 5 x 9 1/4 inches, coated with pan-coat or greased and dusted with flour, and bake in a moderately slow oven (300° to 350° F.) from 1 to 1 1/4 hours. (One-half cup chopped nut meats may be added after all flour is added, if desired.)

Cream Cheese Frosting
1/2 package cream cheese (1 1/2 oz.)
2 tablespoons margarine
1/2 teaspoon salt
2 to 2 1/2 cups confectioners' sugar
1/2 teaspoon vanilla
Cream the cheese, margarine, and salt together until light and fluffy. Beat in sifted sugar gradually. Add vanilla and finish beating. Spread on cool cake.

For other tempting, nutritious food ideas, send today for your free copy of "Meatime Marvels with Margarine," a helpful, 32-page recipe booklet in two colors. Write National Cotton Council, Box 76, Memphis, Tenn.

Building Permits Rise 16 Per Cent

Texas building permits issued in March rose 16 per cent from February, according to a report to The Herald from the University of Texas Bureau of Business Research.

Building permits, totaling \$53,863,757 in 46 Texas cities, rose 49 per cent from March 1949.

After adjustment for seasonal variation, the Bureau's index of building permits slipped 16 per cent from February to 686 per cent of the prewar, 1935-1939, base period in March. A year ago the index stood at 460.

Judges might be able to halt crime waves if they were more liberal with other people's time.

What a grand world this would be if we all did as well today as we expect to do tomorrow.

With U.N. in Northern Greece

Rough going on a mountain in northern Greece is encountered by members of the United Nations Special Committee for the Balkans (UNSCOB) on a recent inspection tour. UNSCOB observers are on constant duty in northern Greece, watching for any incidents along the mountainous frontier with Albania, Bulgaria and Yugoslavia.

Vic Vet says

STUDENT VETERANS... IF YOUR DEPENDENCY STATUS HAS CHANGED, SUBMIT PROOF OF ADDITIONAL DEPENDENCY NOW TO YOUR VA REGIONAL OFFICE

Springtime is wonderful—in spite of the many poems which are always inspired by it.

What this country needs is more illuminated boulevards and fewer illuminated drivers.

Scandinavia includes Norway, Sweden, Denmark and Iceland.

Asia occupies one third of the total land area of the earth.

Santa Fe Carloadings Show Good Increase

Santa Fe system carloadings for the week ending April 29, 1950 were 23,492 as compared with 22,491 for the same week in 1949.

Cars received from connections totaled 10,969 as compared with 11,477 for the same week in 1949. Total cars moved were 34,461 as compared with 33,968 for the same week in 1949.

Santa Fe handled a total of 35,646 cars in the preceding week of this year.

Wheat Grindings Drop 13 Points Over State

Wheat grindings in Texas dropped 13 per cent in February from January and fell 28 per cent from February 1949, according to reports to The Herald from the University of Texas Bureau of Business Research.

Flour production totaled 988,000 sacks in February as compared with 1,131,000 in January and 1,402,000 in February a year ago.

Lots of folks work hard and save money all their lives to buy things that only the young can enjoy.

FACTS—OUR PRICELESS WEAPON

When a certain early 17th Century church indoctrinated its clergymen for mission assignments, the process was called "propagandism". In the hands of the Nazis, Fascists and Communists 300 years later, propaganda became something unwholesome only because it practiced distortion of the truth and, quite often, outright lying. Our American "counter propaganda", set up to meet and conquer the flood of untruths from Moscow, can be of no real value unless it is kept absolutely truthful.

Uncle Sam's efforts to counteract the Moscow-manufactured propaganda is largely the job of the federal government agencies. But there is another battle for men's minds close at home. On one side are the politico-social planners, and their befuddled camp followers, who wish to make citizens subservient to the State. Naturally, they never admit it. On the other side are those who have recognized that the various phases of the Socialist's planned economy would require giving up our personal freedom.

On The Job.

Until recent years the Socialists had the field almost to themselves and were making steady headway persuading our people we should adopt legislative proposals making the citizen more and more the financial ward of his government. Increasing millions of Americans now are getting wise to the fatal dangers of such a course. The best job I've observed in American "propagandism" in a particular field is being done today in a large section of industry.

Our industrial workers have been the No. 1 target of both the Communist and Socialist propagandists. For years nobody called attention to the half-truths or challenged the outright misrepresentations. No wonder a great many workers became confused. In fact, an old-age strategy of the Socialist schemers is to spread confusion. The decisive weapon against them is truth—facts. Facts infuriate the Socialist fanatics. Facts convict them. They hate facts.

Proof Wanted.

Many companies now have well-organized in-plant educational programs on the American way of life and free enterprise economies.

It is encouraging that most programs are conducted with the approval and frequently the active help of union shop stewards and other union officers. The secret of their success is that the facts used are selected with the most painstaking care; thus they withstand the fiercest attack of the wounded Socialists and their duped followers.

An official of one big industry which now has a well established Americanism program told me that early in his company's program a few workers spoke up with the attitude: "Oh yeah? Can you prove that? So what's behind all this?" He said that at first he and his associates had to scramble around to get the proof, but that when they produced it, and had explained the mutually beneficial motive behind the program, the "skeptics" became enthusiastic "students."

A Challenge

It's a healthy thing in these times for open-minded people to be a little suspicious of just anybody's information, and to want to examine motives. There is so much misinformation being distributed, even peddled, and certainly in some quarters motives are suspect. We might all take our

cue from Missouri's brash challenge, "Show me!"

Yes, in these days of ideological and political debating I should say, Go ahead: challenge any information, declaration or statement not backed by facts or readily acceptable logic. On that basis our American freedom system cannot lose; for in all recorded history no other system has done so much for so many in any span of time. Do you know any Socialists who can effectively challenge this fact?

Queen Elizabeth was known as England's virgin queen.

Risen on the floor of boxing rings is to minimize the danger of slipping.

Retail Sales For State Show Healthy Gain of 16 Per Cent Over Former Month

Texas retailers scored a 16 per cent gain in March over the previous month, according to a report to The Herald from the University of Texas Bureau of Business Research.

Preliminary tabulations placed March sales at an estimated \$471,000,000, an eight per cent increase from the same month of 1949.

Durable goods store sales also climbed 17 per cent from February and rose 15 per cent from a year earlier, while sales of non-durable goods stores gained 14 per cent from the previous month to a level slightly above March 1949.

Without exception all types of durable goods stores bettered their February records in March. Lumber and building material dealers turned in a 31 per cent gain; household and appliance stores, 23 per cent; hardware, 18 per cent; vehicle dealers, 15 per cent; farm implement dealers, seven per cent; and jewelry stores, five per cent.

Except for a four per cent decline for jewelry stores and a seven per cent drop for farm implement dealers, all durable goods stores tallied increases over their March 1949 sales. Household and appliance sales picked up 20 per cent, and motor vehicle dealers and lumber and building material dealers reported a 19 per cent rise.

March sales of all nondurable goods stores except florists, down four per cent, increased from the preceding month.

Promotional sales accompanied by the approach of Easter gave impetus to the 17 per cent gain in apparel store sales. Shoe store sales advanced 39 per cent; men's and boys' clothing, 19 per cent; family clothing, 13 per cent; and women's specialty shops, 12 per cent.

Department store sales jumped 30 per cent from February to March; general merchandise, 22 per cent; filling stations, 18 per cent; and food stores, 10 per cent.

Running counter to the over-all rise from last year in nondurable goods stores, March sales of grocery stores without meat dropped eight per cent. Florists' sales were narrowed by six per cent during the 12 month period; department and country general stores, four per cent; women's specialty, three per cent; family clothing, two per cent; and general merchandise, one per cent.

Gains over March 1949 sales of nondurable goods stores varied from a slight increase in apparel stores to nine per cent for drug stores.

There is one thing which will make our country sure of its future—and that is hard work.

Biologist Lists Improvements In Fish Stocking of Tanks By Texas Farmers

Chief Aquatic Biologist of the Texas Game, Fish and Oyster Commission has observed that ranchers and farmers, in utilizing all possible resources to better living conditions, are finding wildlife an indispensable factor. To this end the trend is toward stocking ponds and tanks with fish.

Some farm ponds that are only an acre in size have produced 300 or 400 pounds of fish annually.

Proper management and education have had an important part in this development. The popular opinion of laymen that the more fish planted in a lake, pond or tank meant more fish and better fishing has been discounted by the biologist. This has permitted distribution of fish fry over a greater area, with consequent benefit for all.

There is a definite limitation to the number of fish a certain area can support. If the place is overstocked, and without the proper balance of species, the result is runt fish and disappointed anglers.

Thus when land owners send in their applications, the Game Department judges by the description of the pond, tank or lake what kind and how many fish are needed. The landowner or tenant has a part in this planning, too. He has

to describe the area and to be particularly accurate in stating whether his waters are being stocked the first time, or are being restocked.

Experience is the one thing you have left after everything else is gone.

Many a man who thinks he has a clear conscience actually only has a

State Health Officer Stresses Need For Concentrated War On Deadly Flies

"Go in and out the window" is a line from a children's game which thousands of little youngsters have played for years. It may be used to describe something else, too, for flies like to go in and out windows. Dr. George W. Cox, state health officer reports that fly infestation will be heavy this year. So, now is the time to kill those early flies . . . before they have a chance to produce thousands more during the summer.

These pests love to buzz around in uncovered garbage pails, stables, old privies, and in homes around uncovered food. Do you have a metal garbage pail with a tight fitting lid? Are screens on your windows and doors in good repair? Waste should be removed from stables often, for horse manure is one of the chief breeding places of flies. Children can help

to keep flies out of the house by keeping screen doors closed, and swatting the flies that enter the house.

Flies carry germs on their fast-moving wings, in their tube-like mouths, and on their furry legs and feet. What are some of the diseases they spread? Typhoid fever, dysentery, and tuberculosis are spread by these insects who feed on germ-laden filth.

Clean-up campaigns, screening and spraying with insecticides are the best methods for getting rid of flies. Special care should be used in the use of DDT, or other insecticides . . . directions should be

Your Newspaperboy Will Hand You This Leaflet

Carrier boys of this newspaper are joining forces with 200,000 other little merchants in contacting 15,000,000 homes throughout the country to bring newspaper readers the message of the Savings Bonds Independence Drive: Save for Your Independence. The leaflet was illustrated by Cartoonist Gus Edson. This patriotic service was pledged to Secretary of the Treasury John W. Snyder in behalf of the youngsters by the International Circulation Managers' Association of which J. B. Lee is president and Howard D. Stodghill, chairman of the newspaperboy advisory committee to the U. S. Treasury's Savings Bonds Division.

Bond Drive Backed by Club Women

Washington, D. C.—Vernon L. Clark, left, National Director of the Savings Bonds Division, shows a portrait of the Liberty Bell to Mrs. Oscar A. Ahlgren, Vice-President of the General Federation of Women's Clubs and Mrs. Albert Armstrong, right, National Bond Chairman for the Ladies' Auxiliary of the VFW. The women endorsed the Independence Drive theme, "Save for Your Independence," and assured Clark that they would assist the Treasury with bond sales during the campaign May 15 to July 4.

OF INTEREST TO WOMEN

Sewing Helps Listed By County HD Agent

From needles and pins to the sewing machine, the right sewing tools are important for time saving and fine workmanship. As yardgood counters blossom with summer fabrics home sewers will welcome some sewing suggestions, as given by Loreta Allen, Jones County Home Demonstration agent.

Crewel needles are recommended if you have trouble threading them. The eyes are larger and the needle itself is slender. Size 10 needles are best for fine sewing and most light summer fabrics.

Dressmaker pins size 16 are the slim kind that do not make holes in materials. Be sure pins are clean. If they're dusty or rusty, better discard them and buy new ones.

A seam guide for the sewing machine is more help than most women realize. It's a small attachment that screws in place beside the needle and keeps seams an even distance from the edge. For good sewing it's really a "must."

A couple of new items from notion counters will appeal to many home sewers.

One is a folding cutting board which provides a spacious flat surface for pattern cutting and protects table tops. The board is not an expensive buy and it folds conveniently for storing. Dressmakers' carbon paper along with colored chalk pencil is handy for marking notches and darts. With the carbon laid face-up underneath two matching piece fabrics can be marked at the same time.

Two rulers—transparent ones if possible—are helpful sewing aids. A six-inch ruler is good for measuring hems and making corners accurate. An 18 inch ruler or a yardstick is handy for laying patterns on the straight of material.

Usually the fellow who tries to impress you that he wasn't born yesterday would be just as smart if he had been.

PLAYTIME FOR MAID

Pretty Elizabeth McGee, 1950 Maid of Cotton, dons a smart cotton play ensemble for her moments of relaxation. Her eye-catching cotton play outfit is designed by Koret of California in Erwin's faded blue denim. She's also wearing denim plashies. This is one of the cotton fashions in the Cotton Maid's travel wardrobe designed by 30 top American fashionists.

Mrs. Ed Bailey Hostess To W. S. C. S. Club

Mrs. Ed Bailey was hostess Monday afternoon at her home to the W. S. C. S. of the Hamlin First Methodist Church.

The room was decorated with arrangements of iris.

Mrs. C. P. Yates was program leader with the subject being, "We Would See Jesus The Great Rock Foundation."

Miss Temple brought the devotional.

Refreshments were served to 12 members and two visitors.

Oysters are at their best in all months which contain the letters "r."

Beta Theta Chapter In Friday Meeting

Beta Theta Chapter of Beta Sigma Phi met in the home of Mrs. Stanley Carmichael, Friday afternoon, April 28.

Miss Carolyn Davidson, representative from the International office at Kansas City, Missouri, was a guest. She presented the "Friendly Venture" plan of establishing new chapters by existing chapters. The Beta Theta Chapter chose Anson as the town for their "friendly venture."

Those present were: Mrs. Jesse Burditt, Mrs. George Poe, Mrs. Kenneth Parker, Mrs. W. Carlton, Mrs. John Bryant, Mrs. Jack Russell, Mrs. Vernon Lindquist, Mrs. Clifford Reynolds Jr., Mrs. Joe Douglas, Mrs. Austin Poe, Mrs. O. T. Kelly, Mrs. Gardner, Mrs. S. C. Ferguson, Mrs. E. J. Hawkins, Mrs. Lowell Cure, Mrs. Tom Wilson, Mrs. Jerry Waggoner, Mrs. Douglas Perrin, Mrs. C. M. Grudger, Mrs. Bob Riddel, Mrs. C. W. Griggs, Miss Billie K. Lancaster. Guests were Miss Davidson and Winnie Day.

Birthday Anniversary Mayfield Celebration

Sunday, April 30, marked the birth date anniversary of Wanda Jean Mayfield, her father, Alton Mayfield and her uncle, Alford Mayfield, of Anson. True to family tradition a joint celebration was held at the home of Mr. and Mrs. Alton Mayfield in Hamlin on that day.

Those present for the celebration were: Mr. and Mrs. Alford Mayfield and daughter, Anson; Mr. and Mrs. James E. Mayfield and family, Anson; Mr. and Mrs. J. A. Mayfield, Jr., Anson; Mr. and Mrs. J. A. Mayfield, Sr., Anson; Jim Marr, Anson; Mr. and Mrs. Newman West, and daughter, Anson; Mrs. Ola Rice and daughter, Abilene; Mr. and Mrs. A. H. Trotter and daughter, Hamlin and Mr. and Mrs. Alton Mayfield and family, Hamlin.

Garden Club Closes Year With Tea In Russell Home

Hamlin Garden Club will close its year's work with a tea at the home of Mrs. W. C. Russell, Friday, May 12 at 3:00 p. m.

Mrs. L. E. Dudley of Abilene will give a book review.

Members who cannot be present are asked to please notify the hostess.

Smart homemakers know that a meal-in-a-dish dinner is easy on their food budgets, easy to prepare, and easy at dishwashing time. Cheese soufflé is an oldtime meal-in-a-dish favorite, because it is rich in both taste appeal and food value. The soufflé must be served piping hot from the oven for fullest enjoyment.

4 tablespoons margarine
2 tablespoons flour
1 cup scalded milk
1/2 teaspoon salt
1/8 teaspoon pepper
dash cayenne pepper
1/4 teaspoon chili powder
1 cup grated cheese
4 eggs

Melt margarine; add flour. Add scalded milk and stir; cook until thick and smooth. Add salt, pepper, and cheese. Remove from fire; add unbeaten egg yolks; beat well. Fold in stiffly beaten egg whites and pour into greased baking dish. Bake in moderate oven (350 degrees F.) 35 minutes. Serve at once. This will serve four.

Any leftover chopped cooked vegetables, meat, or fish may be substituted for the cup of grated cheese, if desired.

All of O. L. Jenkins Children Home Sun.

A family reunion was enjoyed by Mr. and Mrs. O. L. Jenkins Sunday when they had all their children present.

Those present were: Mr. and Mrs. John C. Jenkins, Jimmy and Jarrell from Sundown, Mrs. Earl Shiser of Stamford, Mrs. W. A. Norris, Geneva, Pat, Billy and Barbara of Hamlin, Mr. and Mrs. E. N. Jenkins, Gloria and Judy of Hamlin and Mr. and Mrs. Alvis Bond, Mike and Dianne of Hamlin.

No form of government is better than the men who run it—bear that in mind at the polls.

Birthday Party Given Honoring Miss Mary Cruoth, Fifteen

A birthday party for Mary Cruoth was given April 25 from 7:00 p. m. to 9:30 p. m. by Mr. and Mrs. C. A. Cruoth of Celotex in their home.

The party celebrated her 15th anniversary. Games were played and ice cream, cookies and kool-aid were served as refreshments.

She displayed her gifts to the following who were present: Bobby Hopper, Sonny Hall, Carrol Williams, Bobby Green, W. H. Hallmark, Joe Dorniny, Freddy Rogers, Patsy Dorniny, Ruby Campbell, Mary Ann Wilbanks, Mittie Ann Ray, Linda Faye Wallace, Richard Lavien, Peggy Briscoe, Mary Sue Warnell, Mary Ruth Williams, Elmer Rhoten, Tommy Hester, Billy Kelly, Reba Dale Beene and the honoree.

Basketball Banquet Given for Colored Basketball Squads

First Basketball Banquet in the history of the Hamlin Colored School was held last Friday night.

Entertainment for the banquet consisted of Maggie Bolden, captain of the girls team, and Roy Lee Sneed, captain of the boys team who talked on the subject, "Good Sportsmanship". There was also a girls quartet.

Students were presented with a phonograph and radio combination by the teachers, who were: Mrs. Geneva P. Ake, Mrs. Well-muth Ligon, Mrs. E. S. Morgan and Mrs. Lottie V. Morgan.

Mary Martha Class At Stringer Home

Mary Martha Sunday School Class of the Hamlin First Baptist Church held a social Thursday, evening in the home of Mrs. V. T. Stringer.

Devotional, "Love Thy Neighbor", was given by Mrs. T. W.

Rubber In Your Roads May Stretch the Highway Dollar

Laying a rubber road in Virginia. Particles of natural rubber are mixed with the asphalt surfacing to increase wear and reduce skidding.

It costs nearly a billion dollars a year to keep America's 3,300,000 miles of present highways and streets in repair, to say nothing of building new ones. So it is no wonder that highway engineers and tax-payers are watching with keen interest a new idea in road surfacing that may cut millions of dollars off the annual road repair bill.

The idea is to mix particles of natural rubber with the asphalt surface coating on a road. The Dutch tried it 12 years ago, and found that it made the road stand up better under winter cold and summer heat.

A test rubber road in Holland, after 12 years' use under heavy

traffic, is still in good shape, while adjacent strips without rubber have had to be repaired twice.

In 1949 four states—Ohio, Virginia, Minnesota and Texas—laid test strips of natural rubber-asphalt paving. If these prove as successful as highway engineers hope, a new era in road construction will be here. And in addition to extra wear, these rubber-surfaced roads have proved that they reduce skidding.

A free booklet describing these rubber roads and the tests which are being made can be obtained from the Natural Rubber Bureau, Dept. N100, 1631 K St., N.W., Washington 6, D. C. It is called "Stretching Highway Dollars—With Rubber Roads."

NEW FASHION NOTE

The newest fashion note of the season is the velveteen coat. This chic follower of Dame Fashion wears one of the most outstanding examples of the cotton velveteen styles. Her coat is practical as well as pretty, for it is Zelan treated to repel water.

Experts Meet to Aid Blind Readers

Seven international experts, of whom five were blind, recently met at Paris under the auspices of the United Nations Educational, Scientific and Cultural Organization (UNESCO), to plan the adoption of a single world script (Braille) for the blind. In this group are Professor Nikola Bassili (left) of the School for the Blind, Cairo, and Sir Clutha MacKenzie of UNESCO.

Hamlin Memorial Hospital News

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald were: Charlene Barfield, April 26, medical; Mrs. G. L. Barnett, April 26, medical; H. Hester, April 26, medical; Mrs. Leon Anderson, April 27, medical; Mrs. Buddy Jenkins, April 28, medical; Mrs. George Campbell, April 28, medical; Mrs. J. M. Milliron, April 29, medical; Mrs. George Berry, Stamford, April 29, medical; R. D. Moore, May 1, medical.

Dismissed since last week's report were: J. L. McWright, April 28; Charlene Barfield, April 29; Mrs. Leon Anderson, April 29; Mrs. D. A. Hughes, May 1; Mrs. Buddy Jenkins and baby, May 2; Mrs. J. M. Milliron and baby, May 2; Mrs. O. S. Hunter, May 2; Mrs. Betty Johnson and baby, May 2.

They say what we don't know doesn't hurt us. It may be true, but it certainly amuses a lot of other people.

Don't blame bad luck for all your troubles. Bad luck usually is the outcome of bad judgement.

Agent Cautions In Use of 2-4-D Spray

There have been several inquiries regarding the use of 2-4-D in Jones County according to a report to The Herald from Bill Lehmburg, county agent.

There are no restrictions in this county and distributors as well as purchasers are exempt from license and bond.

It should be remembered that 2-4-D can and does damage cotton, fruit trees, ornamentals and most broad leaved plants.

If you plan to use 2-4-D to control the weeds in small grain, it would be well to have an understanding with your neighbor before you use it cautions, Lehmburg, said.

Information on its use can be obtained from the agent's office.

Thoughts of retaliation and revenge will always harm a nation or individual rather than be of any help.

Tip to motorists: Your safety is largely in your hands—so why not make your steering wheel a life preserver.

Cancer Society Recognizes Texas Part In Nationwide Control Program Ahead

American Cancer Society, Texas Division, today reminded Texans that the state is taking a leading part in the nationwide fight to conquer cancer.

The Society listed the following Texas achievements:

Texas has 25 cancer diagnostic and treatment clinics.

There are 13 cancer hospitals in the United States, one of them a part of the University of Texas—M. D. Anderson Hospital for Cancer Research in Houston.

Texas has 10 full-time cancer information centers, operated by county units of the American Cancer Society. These are located at El Paso, Amarillo, San Angelo, Fort Worth, Dallas, Texarkana, Austin, San Antonio, Houston and Galveston.

Through contributions to the annual Texas Cancer Crusade the state supplies more than \$100,000 a year to the national cancer research program. Several Texas scientists are participating in this program.

Texas is one of the first states

to establish a fully-functioning tumor registry, as a means of "following-up" cancer patients after treatment.

Texas is one of the first states to combine the efforts of the various agencies fighting cancer under a single working plan. This unit is the Texas Cancer Coordinating Council—composed of the American Cancer Society, the State Department of Health, the Cancer Committee of the State Medical Association of Texas, and the University of Texas, M. D. Anderson Hospital for Cancer Research.

It is impossible to build character and courage in a man by taking away initiative and independence.

Some workers are fired with ambition—other for lack of it.

Navy worker's reserve of Savings Bonds enables him to remodel old garage into comfortable home. Photo at left shows garage before H. A. Berggren began alterations. At right, is the way building looks today. Mr. Berggren at right is seen showing his two children Liberty Bell symbol of Independence Drive now under way.

Most everyone envisions a pretty little home they would like to own some day. Many Americans are doing the one thing which will turn that dream into reality, and that is saving a portion of their income systematically.

A stalwart advocate of that custom is Harold A. Berggren, supervisor of the Electronics shop at the U. S. Navy Underwater Sound Laboratory, New London, Connecticut. Due to the habit of regular saving by investing in U. S. Savings Bonds Mr. Berggren now owns his own home at Old Lyme, Connecticut. Before starting on this venture he had built up a substantial reserve of Savings Bonds which provided him with sufficient security to permit the utilization of his regular earnings for the added expense incurred, some \$7000.

Married, and the father of a son, 12, and a daughter, 7, Mr. Berggren had long dreamed of a home of his own where he could be independent and enjoy a happy home life with his wife and children. The dream began to materialize in 1946 when he purchased an old garage, vintage of 1923. Despite its age Mr. Berggren realized that it was structurally sound and was able to visualize the improvements needed to convert it into a modern home. In the fall of 1946 he set about the task of rebuilding. Doing the bulk of the work during spare time with some help from relatives, and from Mrs. Berggren, he remodeled the entire exterior. The interior job included new parti-

tions, walls, ceilings, installation of a heating system, plumbing, electrical system, and insulation for six large rooms and bath. He dug a half-cellar, cemented the floor and walls, installed a heater and laundry and still had space for a workshop. Mrs. Berggren did all the painting and paperhanging. With all this completed he moved into the home in June, 1947. To date he has partially completed landscaping the property and has started construction of a garage.

Mr. Berggren shares with his son David enthusiastic support for the symbol and slogan of this year's Savings Bonds drive, the "Liberty Bell" and the slogan "Save for Your Independence." When asked "What does the Liberty Bell mean to you," David replied:

"It means Independence for our country, the right to freedom of speech, of press and of religion. It means we can do anything inside of the law without anyone telling us not to do it." And David wants to start investing in U. S. Savings Bonds just as soon as he is old enough to earn some money. As he explains it: "They make it possible for people to have their own

homes, such as we have, to educate their children, and to be able to retire when they are old."

U. S. Savings Bonds enabled Mr. Berggren to build his home without arranging any further financing. Having realized this first ambition he continues to invest in Savings Bonds looking forward to the day when these Bonds will supply the money necessary to educate his children, and to the day when he can retire with the realization that in his home dwells all that a real American holds dear: love—companionship—industry—pride of country and of the individual, and independence. Mr. Berggren is an outstanding example of the U. S. Savings Bonds slogan: "Save for Your Independence."

The U. S. Navy Underwater Sound Laboratory, under direction of Capt. W. L. Pryor, Jr., has consistently maintained an outstanding record for Payroll Savings participation with 65 per cent of the some 600 employees enrolled. Mr. Berggren was one of the first to sign up for the purchase of Savings Bonds. U. S. Treasury Department

Farm Cash Income In Texas Totals \$51,000,000 In March, Six Per Cent Drop

Farm cash income in Texas totaled \$51,000,000 in March, a 24 per cent increase from February's total and a six per cent drop from March 1949, according to a report received by The Herald from the University of Texas Bureau of Business Research.

Farmers in the Northern High Plains district turned in the largest dollar income in March—\$11,522,000. Black and Grand Prairies, with \$5,914,000, and the Southern Texas Prairies, with \$5,430,000, ranked second and third.

Cattle was the greatest source of income in March, bringing in \$18,852,000. Milk products amounted to \$9,475,000, and eggs brought in a total of \$3,065,000.

There were notable increases over February in marketings of mohair, wool, cattle, calves, hogs, sheep and lambs, while there was decreases in corn and fruits and vegetables.

Income rose 126 per cent in Southern High Plains in March from February, 106 per cent in Edwards Plateau, 71 per cent in Northern High Plains, 50 per cent in Red Red Plains, 47 per cent in South Texas Plains, 31 per cent in Trans-Pecos, 18 per cent in the Southern Texas Prairies, 17 per cent in Western Cross Timbers, and one per cent in Coastal Prairies.

February - to - March declines were registered in farm cash income in the Lower Rio Grande Valley, 60 per cent; East Texas Timbered Plains, 13 per cent; and Black and Grand Prairies, down fractionally.

In comparison with March 1949, increases in farm cash income varied from a 93 per cent gain in the Lower Rio Grande Valley to a four per cent rise in Southern Texas Prairies. Declines ranged from 35 per cent in Coastal Prairies to five per cent in Black and Grand Prairies.

After adjustment for seasonal variation, the Bureau's index of farm cash income stood at 200 per cent of the 1935-1939 base period in March 1950, rising from 176 in February 1950 and falling from 220 per cent in March 1949.

Character is what you are—reputation is what you get caught at.

Squirrel Season Opens In Some Areas This Month

First phase of the 1950 game harvest began in most Texas counties May 1 as squirrel hunters took to the woods.

Under the general law, shooting may continue through July and be resumed in October for three months. The season is closed permanently for the area west of the Pecos River.

Reports to The Herald from the Game Department indicate a good quantity of these bushy tailed animals.

For 73 of the 254 counties in the state, the May 1, date will have no significance because these counties have no closed season. Likewise, nine counties have a closed season on squirrels the year around.

SEE YOURSELF as others see you, full length mirrors, assorted sizes, packed individually, brackets included, from \$9 up—King's Supply. (3) 1c

Ford does it again

Ford's the first car ever to receive the coveted New York Fashion Academy medal in two consecutive years

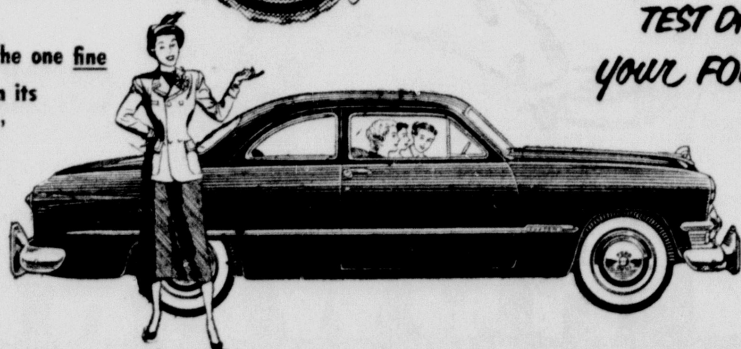

All the world of Fashion looks to New York's famed Fashion Academy as an authority on style. So it's no wonder Ford is proud to receive their medal as "Fashion Car of the Year" for the second straight year. Never before was a car honored by two Fashion Academy Awards in a row! Here's proof that Ford has succeeded in bringing style to the low-price field—style even far costlier cars can't match.

Named "Fashion Car of the Year" second year in a row

And handsome is as handsome does. A "Test Drive" will show you the quality that makes the '50 Ford the one fine car in its field. You'll feel the smooth, quiet getaway power of Ford's new V-8 engine (or advanced "Six" if you prefer). You'll feel the 35% easier acting King Size Brakes. You'll feel the "Mid Ship" comfort of Ford's 13-way stronger "Life-guard" Body... now "sound-conditioned." Yes, here's quality you'll see, hear and feel when you "Test Drive" the '50 Ford.

"TEST DRIVE" it at your FORD DEALER'S
